SPECIAL FILMING CONDITIONS
LOS ANGELES CITY HALL

The Special Filming Conditions described below will be included in the terms and conditions of permits issued for filming in this area and are in addition to the standard terms and conditions applicable to filming permits generally. While these Special Filming Conditions will be included as terms if a permit for filming in this area is issued, they are not intended to, and do not, establish the criteria or standards for determining whether or not a particular permit (or permits) will be issued for this area. The decision whether or not a particular permit (or permits) will be issued is vested in the discretion of the appropriate City or County department or their designees (including FilmL.A., Inc.), to be exercised consistent with public health, safety and general welfare, and applicable land-use ordinances.

The City of Los Angeles recently completed a $300 million dollar renovation and restoration of the historic Los Angeles City Hall. Since its construction, this unique building has been one of Los Angeles' most popular locations. To preserve and protect the historic integrity of the building, while allowing production to continue, the following Special Filming Conditions have been established.

- **FilmL.A. will coordinate all filming activity at Los Angeles City Hall.**

- **Companies wanting to use City Hall must first reserve the facility through FilmL.A.'s reservation system.** FilmL.A. will maintain a calendar of filming activity, reserved filming activity, and all special events at City Hall. Reservations must be location specific to ensure the area of interest is available.

- **FilmL.A. will coordinate all scouting activity at City Hall**. A General Services representative will be required on all production tech scouts. During the tech scout the production company must provide all anticipated filming activity information. This information should include, but not be limited to, areas to be used for filming, lighting design, movements of cast and crew, equipment storage, equipment parking, catering, base camp, etc.

- **Following the tech scout, the production company must provide FilmL.A. a written, detailed list of final requests,** including, but not limited to, areas to be used for filming, placement of lights, removal or additions of signs, equipment storage, etc. The FilmL.A. permit must reflect all activity in City Hall and surrounding areas. Activity other than what is listed on the permit will not be allowed.

- **Notification of filming will be coordinated and performed by FilmL.A.** FilmL.A. will ensure that the elected officials, city employees and the general public engaged in activity at City Hall are made aware of all film production activity.

- **To ensure agreement between the production company and the City regarding the condition of City Hall and the surrounding areas**, a pre-prep and post-strike walkthrough will be required with a General Services representative.

- **Board of Public Works Hearing Room and the Mayor's Conference room are available for filming on a limited basis.** These rooms are regularly used to conduct city business but will be made available for filming whenever possible.

- **LAPD SECSD Officers will have a 4 hour minimum per officer, per shift, per day.**

- **A production company must cancel a shoot at least 2 business days in advance to avoid incurring any personnel fees.** In the event a shoot should be cancelled in in less than 2 business days, the 4 hour minimums may still be due for the LAPD SECD Officers that were hired to serve the production.

FilmL.A. Inc. PERMIT

- **Production company must provide badges for all cast and crew.** Badges should include the production company's name or logo.

- **FilmL.A. Monitor(s) and LAPD SECSD Officer(s) will be required for all prep, strike and filming days.** The number of personnel required will be determined by production size, location, and general impact.

- **A Fire Safety Officer will be required for any interior activity on all prep, strike and filming days while the building is open to the public.** Additional scenarios, such as size or impact, may also require the officer on site when the building is closed to the public or all activity is exteriors only.

- **Access for the public and City Hall employees must be maintained always.** Intermittent pedestrian control is permissible during filming when stated on the permit.

- **Company must provide ample public signage regarding filming activity.** If the company plans to cover any signage, they should post photocopies of the covered sign near the original placement until the area is needed for filming.
